STAFFINGPROS

STAFFP Sender ID – Supporting Declaration

Business Name (Entity)	**StaffingPros**
Business Website	https://staffingpros.tech
Product brand	Jora AI (https://jora.co.in)
Application	BuildFlow (by StaffingPros)
Application URL	https://build-flow-frontend-jet.vercel.app/
SMS Sender ID / Header	**STAFFP**
Why STAFFP	Abbreviation of registered entity name **StaffingPros** (matches entity name).
Message Purpose	One-time passwords (OTPs) and account-authentication messages only

STAFFP is the SMS Sender ID (header) requested for the registered business **StaffingPros**. The header is derived from the entity name StaffingPros so that it matches DLT / VILPOWER requirements (“Header should match with entity name”).

BuildFlow is operated by StaffingPros. Authentication OTPs for BuildFlow will be sent under this StaffingPros header. The header does **not** represent an unrelated product or brand; it represents the Principal Entity StaffingPros.
